LOCAL ANESTHESIA FOR DENTAL HYGIENISTS

Comprehensive Certification Course for Dental Hygienists
presented by
Dr. Kyle Kramer

FALL 2016
**Course Content**

The Indiana Dental Practice Act granted certification for licensed hygienist to administer local anesthesia. This course will provide the required didactic and laboratory training for certification under the rules established by the Indiana State Board of Dentistry. By taking this intensive and comprehensive program, participants will learn how to safely and properly administer local anesthesia to their patients. Upon completion, participants will be eligible to take the CDCA (formerly the NERB) Local Anesthesia Exam and apply for the required Indiana Local Anesthesia Permit.

**You will learn**

**Supraperiosteal/maxillary infiltrations**
- PSA
- MSA
- ASA

**Nerve blocks**
- Greater palatine/nasopalatine
- IAN
- Long buccal
- Gow-Gates

This course includes case-based review of medical emergency management and what to do when you can’t get your patient numb.

**Course Prerequisites**

This program is designed for licensed dental hygienists who want to receive certification in the administration of block and local infiltration anesthesia. You must be a currently licensed dental hygienist practicing in Indiana to take this course, as well as current in BLS for the Healthcare Provider.

It will be up to each participant to register to take the CDCA (formerly the NERB) Local Anesthesia Examination for Dental Hygienists, and submit required paperwork for licensing. You can find out more about the exam at: http://www.cdcaexams.org/dental-hygiene-exams/

**How it works**

Once registered, you will receive instructions on how to set up online access to the course podcasts. Participants are encouraged to take notes of any questions/issues to discuss during the first day of on-site class. You will also need to purchase the textbook for the course - Handbook of Local Anesthesia by Dr. Stanley Malamed. You must review the text and access all podcasts and pass the review quizzes prior to attending the first session on October 15. This date will be followed by two lab/clinic sessions on October 22 & October 29, 2016.

Participants will act as live patients for practice and competency checks. Each participant is required to sign a release in order to participate. Attendance is required at all sessions. **Failure to appear to any of the sessions will result in automatic failure.**

If you have questions with regard to the course, please contact the IUSD CE office for assistance or additional information at 888-373-4873.

**Faculty**

**Dr. Kyle Kramer** is a Clinical Assistant Professor and board certified dentist anesthesiologist within the Department of Oral Surgery and Hospital Dentistry at the Indiana University School of Dentistry. After receiving a DDS degree from IUSD in 2006, Dr. Kramer pursued additional postdoctoral training, which culminated at The Ohio State University where he completed a residency in dental anesthesiaology and also received a Master’s degree.

**Continuing Education Credits**

Participants who complete this program will earn 16 hours of CE credit for the podcasts and lecture, and 32 hours of CE credit for the lab and clinic sessions.
