

**Do you  
wear an  
upper  
denture?**

**Would you like to participate in denture research studies and make some extra cash?**

**If you do not wear an upper denture, do you know someone who does?**

**What is involved?**

- Oral Health Research Institute is looking for participants to be part of a panel who will test denture adhesive products.
- You will be paid \$25 to attend a screening visit to see if you might qualify

**Who can be in the screening study?**

- Generally healthy adults at 18 – 85 years old
- who have an upper denture with a fair fit
- can be available up to 10-13 hours on study days (5:45 am to 7:00 pm)
- can remain on site during each training study day
- are not smokers
