Expanded Functions
for Dental Auxiliaries

“Amalgam and Resin
Restorative Techniques”

Spring 2014 Weekend Classes

Course Content:
An orientation and review session will be held on the Friday evening, January 17, 2014, followed on Saturday, January 18 with a course entrance exam. The test will be administered with both written and practical testing methods. Due to the advanced nature of this dental assisting course, an adequate knowledge of anatomy, terminology and instrumentation is essential for successful participation. It is mandatory to attend the first weekend in order to continue with the course. Failure to take or pass either entrance exam will result in a withdraw, and a $445.00 fee will be assessed to cover non-recoupable costs. The remaining $905.00 will be credited towards a future Expanded Functions (EFDA) program. No refunds will be issued.

In the remaining instructional sessions students will receive training in terminology, anatomy, rubber dam technique, resin and amalgam restorative techniques for Class I, II, III, IV and V restorations, as well as the necessary matrix technique for amalgam restorative techniques for Class I, II, III, IV and V restorations, and training in terminology, anatomy, rubber dam technique, resin and amalgam restorative techniques for Class I, II, III, IV and V restorations. In the remaining instructional sessions students will receive training in terminology, anatomy, rubber dam technique, resin and amalgam restorative techniques for Class I, II, III, IV and V restorations. Training: You will receive a total of 52 instructional hours by attending six weekend sessions scheduled over approximately three months.

The first session for the spring semester 2014 is scheduled for Friday, January 17 from 6:00 PM to 10:00 PM, and Saturday, January 18 from 9:00 AM to 5:00 PM.

Enrollment Requirements:
Each participant must be currently employed and possess one of the following qualifications: Certified Dental Assistant degree, dental assistant with at least two years hands-on dental assisting experience, or a Board Certified Dental Hygienist. If you have any concerns, please contact our office prior to registering for the program. Your paid tuition reserves your space in the program. Please be advised that enrollment is limited and registrations are processed in the order received.

Course Credit:
Grades for this certification program are based on competence and attendance. Attendance is mandatory at all sessions. Any missed instructional session will result in a “0” and may warrant a withdraw from the program. You can not make up any missed sessions - no exceptions! In the event of an emergency, you must contact your instructors by phone prior to class. An IUSD certificate of completion will only be granted to those who pass all proficiency exams and met the attendance requirement.

Program Location:
Indiana University School of Dentistry
IU PUI Campus
1121 West Michigan Street
Indianapolis, IN 46202-5186
Room S315, 3rd floor laboratory

Tuition Information:
The course syllabus and all study materials will be mailed UPS to each fully paid participant approximately two weeks prior to the first session. Each student will need a 3-ring binder for their study materials. To secure enrollment in this program, please register early and forward a check payable to “IU,” and your completed registration form and mail to: Indiana University IU Conferences PO Box 6212 Indianapolis, IN 46206-6212

Register online! It’s faster, more secure and you receive an instant confirmation and invoice/receipt. You can use your check and/or your credit card. You must register online if you choose to pay by credit card. Please go to: http://go.iu.edu/92P

Create an account and complete the registration process. If you need to set up a payment plan, please indicate, “Pay Later” and call 812-855-4224 to make arrangements. You must make a downpayment of $400 prior to the start of the class to receive your study material.
