

MAXILLOFACIAL PROSTHETICS

INTENSIVE HANDS-ON TRAINING AND LIVE PATIENT DEMONSTRATION

OCTOBER 11 - 15, 2018
INDIANAPOLIS, IN

Presented by David Trainer

INDIANA UNIVERSITY
FULFILLING *the* PROMISE

MAXILLOFACIAL PROSTHETICS

INTENSIVE HANDS-ON TRAINING AND LIVE PATIENT DEMONSTRATION

This intensive five day hands-on workshop will provide you an opportunity to work in a laboratory setting fabricating a prostheses with the guidance of Mr. David Trainer while observing the entire process with a live patient demonstration.

Each participant will receive all materials necessary to create their prosthesis.

This program will be conducted in a setting with five days of demonstrations, lectures and workshops. On the last day, upon completion of your prosthesis you will have the opportunity to fit your prosthesis to the patient.

COURSE CREDITS

You will earn a total of 50 continuing education credit hours for your participation. IUSD is an ADA-CERP and AGD approved Provider.

COURSE HIGHLIGHTS

- Learn the various prosthetic materials, adhesives, fluids, solvents & additives
- Learn how to take impressions
- Mold making techniques
- Choose the best sculpting medium
- Understand and perform basic sculpting techniques
- Use extrinsic coloring system to match various skin tones
- Learn how to bond silicone to other materials

Participants are encouraged to bring along current difficult cases that the class can discuss.
